

AgLeader INTEGRA™ display. Featuring a large, full-color 12.1-inch high-definition touchscreen, the INTEGRA display offers the most complete year-round operation control, guidance and steering solution in the marketplace today. Built-in manual guidance, full-screen mapping, planter and application control, yield monitoring, real-time data logging and automated steering make up the core functionality of the new INTEGRA display. Booth 117.

The Teejet 430 Ball Valve Series platform of compact, durable valves provides superior performance. Configurable for your operation – choose 2-Way, Flow Back or 3-Way functionality with a wide range of boom section counts and many inlet, outlet and electrical connection options. Install more valves in the existing space and increase control capability. Booth 227.

The Vermeer Rancher is designed and built to fit your pocket book and smaller hp tractors typically used in cow-calf operations. With its smart design, patented Vermeer M-Series baler technology, and just a minimum 60 hp tractor, you can produce high-density round bales 61" wide and up to 66" in diameter. Maximum bale weight is 1,700 lbs/dry. Booth 1209.

New American Ag Series Model from Timpfe. The sloped front and rear body design, smooth formed rivetless ag tubs, smooth corners and 25" ground clearance are all features of this model. This model has all the standard features of the Classic Super Hopper that was introduced in 1980 plus a 15 degree sloped front and rear. Booth 2062.

The newest addition to the fall tillage line of Wil-Rich equipment is the 614NT Disc Harrow. Sizes are from 14 ft. to 36 ft. to accommodate your tractor horse power. It features 5/16 inch x 26 inch smooth blades and 10 inch blade spacing. Optional 3-Bar Harrow is available. Booth 2400.

John Deere 6D Series Utility Tractor features the PowrReverser™ transmission with left-hand reverser which allows for fast and easy shuttle shifts between forward and reverse at any speed. It also features the durable John Deere wet clutch design for easier clutching and worry-free performance. Get the ultimate in loader productivity with your choice of the self-leveling 563 Loader for general chores or the 673 Loader for heavy-duty work. Booth 2038.
